Transporting New Zealand
2026 Conference

Accelerating through change

Parliament Venues
Wellington

26 - 27 June
2026

Summary

We are thrilled to invite you to take part in our 60th Anniversary Transporting New Zealand Conference in 2026. This year's conference will be held at Parliament in Wellington, offering a unique and nationally significant setting for industry connection during an election year.

Our focus areas will include the political landscape of New Zealand, the future of technology and artificial intelligence, and managing costs in the current economic climate.

Celebrating success is important to us. Alongside the conference, we are proud to host the Industry Awards Dinner, where we celebrate excellence across the entire road transport industry – not just within our membership.

The 2026 Conference is your opportunity to honour the industry's essential contribution to New Zealand, while making meaningful connections that support your organisation's goals and continued business growth.

We offer a range of sponsorship options to suit different investment levels, while still delivering meaningful brand visibility and engagement opportunities.

We look forward to discussing how we can support your brand presence, relationships and industry impact.

Dom Kalasih
Chief Executive
la Ara Aotearoa Transporting
New Zealand Inc.

Liam Malone

AVAILABLE
NOW

\$8,000 + GST

Liam is widely known as the world number one blade runner - hitting the headlines after breaking Oscar Pistorius' Paralympic records less than three years into the sport. His journey from hitting rock bottom at university to winning two gold medals and a silver at the 2016 Paralympic Games is extraordinary, and his performances make him New Zealand's second-fastest 400m sprinter in history - legs or not!

After his athletic success, Liam stepped away from competition to pursue his interest in technology and innovation, working with leading artificial intelligence company Soul Machines.

He has been appointed a Member of the New Zealand Order of Merit for services to athletics, named *Disabled Sportsperson of the Year* at the 54th Halberg Awards, and won the Sovereign Insurance "Make a Difference" start-up competition.

Well received among all audiences, Liam's story will surprise and delight – an authentic and vulnerable delivery covering everything from overcoming adversity to mental health.

This opportunity is ideal for organisations wanting to align themselves with themes of resilience, innovation, performance and human leadership - especially those championing diversity and wellbeing.

Sponsorship is subject to speaker approval.

Darren Shand

\$8,000 + GST

AVAILABLE
NOW

For more than 20 years, Darren Shand led the culture and high-performance systems that helped make the New Zealand All Blacks the most successful international sports team in history, achieving an unmatched 76.77% win rate over 600+ test matches.

His focus on building the “team around the team” and creating an environment that enabled peak performance became embedded in All Blacks leadership.

Today, Darren shares his ‘Winning Teams’ methodology with business and sporting leaders worldwide, equipping them to understand team dynamics, strengthen leadership capability, and build collaborative, high-performance environments.

His approach is shaped by the thinking of respected leadership and organisational experts such as Jim Collins, Patrick Lencioni, Simon Sinek, and Nicholas Janni, whose principles influence his philosophy on effective leadership and conscious team development.

This sponsorship opportunity is ideal for organisations wanting to align their brand with high-performance leadership, culture-building, and team capability - including those focused on people development, organisational excellence, coaching or strengthening leadership within New Zealand’s workforce.

Sponsorship is subject to speaker approval.

Cameron Bagrie

\$6,000 + GST

SOLD

BRIDGESTONE

With more than two decades of experience analysing financial markets and government policy, Cameron has earned a reputation for cutting through the noise and delivering sharp, practical insights into the forces shaping the economy.

Cameron's career includes over 18 years with the National Bank and ANZ, where he served as Chief Economist for 11.5 years. Under his leadership, ANZ's economics team became the most trusted in the business and financial community, known for its robust, clear-eyed analysis of the New Zealand economy. Earlier in his career, he spent three and a half years at the New Zealand Treasury, contributing to national-level policy and forecasting.

Today, Cameron leads Bagrie Economics, a boutique research consultancy providing independent economic insight across business, government and the media. He remains a sought-after commentator, widely respected for his no-nonsense, jargon-free style and ability to make complex economic concepts understandable. Cameron is also the current Board Chair of Transporting New Zealand.

This sponsorship opportunity is ideal for organisations wanting to align their brand with economic leadership, strategic thinking and informed-decision making.

Political Panel

AVAILABLE
NOW

\$10,000 + GST

Positioned in the lead-up to the 2026 election, this high-profile panel brings representatives from New Zealand's major political parties together to discuss and debate the future of road transport, infrastructure investments, and the wider business environment.

With transport policy at the forefront - from funding priorities and regulatory direction, to workforce, safety and productivity outcomes - this session offers rare insight into where each party stands and what the next three years could mean for New Zealand's freight and logistics sector.

This sponsorship opportunity is ideal for organisations seeking elevated visibility, sector influence, and a strong association with national-level discussion - whether policy-focused or simply looking to project credibility and leadership.

Panel: Future of Technology & Artificial Intelligence

UNDER
OFFER

\$6,500 + GST

This forward-looking panel unpacks how emerging technologies, including AI, automation, telematics, workforce tools and data intelligence, are reshaping New Zealand's transport industry. Rather than focusing on hype, panellists will demystify how AI actually works, explore its practical applications in business operations, and discuss how organisations can use technology to improve decision-making, efficiency, productivity, and safety outcomes.

The conversation will also address human considerations: capability, workforce change, HR implications, ethical adoption, and how businesses can protect themselves while leveraging AI and data responsibly. Delegates will walk away with real-world insight - not just "why" technology matters, but how to apply it.

This sponsorship opportunity is ideal for organisations wanting to be seen as forward-thinking partners in technology, productivity, safety, and business transformation - including providers in telematics, data, HR, digital solutions, consultancy, and workforce capability.

Panel: Staying in the Mix in 2026

AVAILABLE
NOW

\$6,500 + GST

This panel tackles one of the most pressing realities facing operators and business owners today - how to stay competitive, relevant, and financially stable in a challenging economic environment. From insurance pressure and workforce demands to the need for capability investment and adaptive leadership, this discussion explores what it really takes to keep businesses moving forward.

Panellists will bring perspectives from:

- Insurance and risk strategy
- Human resources and workforce challenge
- Driver training and upskilling
- Business finance and cost management
- Transporting New Zealand Leadership

This discussion will offer candid, practical insights on surviving volatility, prioritising investment, staying relevant, and building resilience in an uncertain future.

This sponsorship opportunity is ideal for organisations in finance, insurance, risk management, training or business services who want to demonstrate leadership in helping operators navigate cost pressures, build resilience and stay competitive in 2026.

Table Sponsorship

Put your brand at the centre of the conference experience. Table Sponsorship provides consistent, in-room visibility throughout the day, with branding positioned directly in front of delegates during every session.

This package is ideal for organisations looking for prominent, day-long exposure and a strong physical presence within the conference room, reinforcing their commitment to the industry and people who drive it.

Sponsors are to provide notebooks & pens at own cost, and are given the opportunity to provide other branded merchandise.

All Table Sponsorship Packages include:

- The opportunity to include one approved promotional or branded merchandise item in delegate tote bags
- Logo featured in rotating sponsor slides during breaks
- Delegate list access (post-conference, subject to consent)

Exclusive Table Sponsor

SOLD

\$12,000 + GST

Package includes:

- Naming rights as *Table Sponsor* for all Conference Sessions
- Sponsor logo in digital & printed promotional material
- MC acknowledgement at each start of the day and following lunch

- Opportunity to provide a branded tablecloth for the registrations table
- MC acknowledgement at the start of the Conference
- One Conference-Only Registration

Conference Recording

Help us capture and share the key insights of the Conference with those who couldn't be in the room.

As the *Conference Recording Sponsor*, your company will be recognised as supporting the post-event knowledge archive — ensuring that important presentations and discussions continue to add value long after the seminar concludes.

While Transporting New Zealand is in the formative stages of expanding its digital and on-demand content, this partnership allows your brand to be visibly associated with innovation and professional development across the road transport industry.

These recordings will be used for member-training resources, short-form social media content, future promotional material, on our YouTube Channel and more - ensuring your branding continues to be seen long after the event concludes.

This package is ideal for organisations wanting to demonstrate leadership in communication, innovation, and professional development.

Conference Recording

AVAILABLE NOW

\$7,500 + GST

Package includes:

- Exclusive naming rights as *Conference Recording Sponsor*
 - Sponsor logo displayed throughout recording, or on the opening and closing slides of all recorded sessions
 - Sponsor logo in digital & printed promotional material
